Eric and Bruce,

I understand that the internal meeting with the City has taken place and that it was a very productive discussion. I always get nervous when we don't have our next interaction scheduled and on the books, so wanted to check in with thoughts on next steps. Do you all have a sense if we want to schedule a call (smaller group) to get up to speed on the administrative and technical next steps? Or do you think a larger face to face meeting is in order? We had talked about a face to face meeting with the larger group, but I'm not sure if our thoughts on next steps have evolved following the City's internal meeting. In any case, I just want to make sure we get our next interaction scheduled and keep the process rolling. I appreciate your recent efforts on this up to this point.

Many thanks

Paul

Good Afternoon Gentlemen,

We have an internal meeting with upper management scheduled for next Tuesday and after that meeting we should have an idea of recommended attendees for the external meeting. We will also then be prepared to discuss the proposed work plan for Panelyte. Thanks.

Eric

I am waiting to hear from the city. At this point in time, what are people's opinion on the level of EPA management representation at the meeting?

**Subject:** Allied OU schedule

Gents,

I just wanted to check in to make sure things are moving forward. Do we have a sense of timing for a meeting with City representatives? Also, is Steve Kimm going to be developing WP elements? Do we have a sense of timing so I can get folks lined up for a discuss? Gonna be a busy summer...

Thanks Paul
